Mollie's Gentle Sun Spot

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

Remembering the day you came along,
A loving playfulness, where you belonged.
Always by my side, a shadow true,
Every gentle touch, I cherished you.
With paws that danced and a happy bark,
You lit up every corner of the dark.
A loyal spirit, kind and ever sweet,
My perfect companion, complete.

Chorus

Oh, Mollie, my dear Mollie,
My heart still feels you near.
For fifteen years and more, you walked with me,
Banishing every fear.
A love so pure, a bond so deep,
Secrets only we could keep.
Through every season, come what may,
You brightened every single day.

Verse 2

I'd walk through the door, no matter where,
Your happy dance waiting there.
A wagging tail, a joyful sound,
The best welcome I'd ever found.
Our nightly strolls beneath the moon,
Searching for bunnies, coming soon.
Around the yard, a quiet chase,
Pure happiness in every space.

Mollie's Gentle Sun Spot (continued)

Chorus

Oh, Mollie, my dear Mollie,
My heart still feels you near.
For fifteen years and more, you walked with me,
Banishing every fear.
A love so pure, a bond so deep,
Secrets only we could keep.
Through every season, come what may,
You brightened every single day.

Bridge

You saved me when the world was rough,
And knew when you had given enough.
I heard your whisper, "Where's the bunnies dear?"
"One, two treats" and "see you after work" I hear.
Though sending you to the Bridge, it broke my heart,
I knew it was your time to depart.

Instrumental - harmonica, acoustic guitar

Final Chorus

Oh, Mollie, my dear Mollie,
My heart still feels you near.
For fifteen years and more, you walked with me,
Banishing every fear.
A love so pure, a bond so deep,
Secrets only we could keep.
Through every season, come what may,
You brightened every single day.

Outro - acoustic guitar fade, soft hum

Now in the sun spots, warm and bright,
You rest in gentle, peaceful light.
Watching and waiting, calm and still,
Our special routines, you remember them still.
Sleeping softly, free and grand,
In that sweet, eternal land.

Forever in our hearts
