

Remembering Ollie

Custom Pet Memorial Songs

Kahuna's Endless Day

A Tribute Song

Intro - acoustic guitar, piano

Verse 1

The first sound I recall, a declaration bold and clear,
A bossy husky howl, chasing away all fear.
With sapphire eyes so bright, and fur like winter snow,
You stood a noble sight, twelve years ago.
A loyal friend, steadfast and true, a spirit wild and free,
So much love you always knew, you shared it all with me.

Chorus

Oh, Kahuna, our wild heart, twelve years we walked side by side,
Though we're apart, your spirit's still my guide.
We'll celebrate the love you gave, a bond that will not fade,
In every memory we've saved, a beautiful parade.

Verse 2

I'd pull into the drive, after a long hard day,
You'd bark, so glad I'd arrived, in your own special way.
A playful, clever streak, to find a garage door crack,
A master hide-and-seek, always coming back.
Your happy greetings filled our home, a pure and joyful sound,
No matter where you'd roam, the best boy could be found.

Chorus

Oh, Kahuna, our wild heart, twelve years we walked side by side,
Though we're apart, your spirit's still my guide.
We'll celebrate the love you gave, a bond that will not fade,
In every memory we've saved, a beautiful parade.

Bridge

Kahuna's Endless Day (continued)

I whispered low that day, a promise from my soul,
"I'll hold down the fort for you, until we are together again baby boy."
No moment can erase, the joy you brought to me,
In this quiet, sacred place, your love lives wild and free.

Instrumental - guitar, piano, light drums

Final Chorus

Oh, Kahuna, our wild heart, twelve years we walked side by side,
Though we're apart, your spirit's still my guide.
We'll celebrate the love you gave, a bond that will not fade,
In every memory we've saved, a beautiful parade.

Outro

Now you're playing with your friends, at doggie daycare bright,
Where the fun never ends, bathed in endless light.
Running free and strong, with wagging tail so grand,
Where you truly belong, in that joyful land.

Outro - guitar fade, soft hum

Forever in our hearts
