# Chinny's Favorite Hello

*A Tribute Song*

---

**Intro - acoustic guitar, piano**

**Verse 1**

I felt your arms around me tight, a scratchy tongue, a morning light  
The more I'd giggle, quick you'd go, a sweet good morning, soft and low  
Then on my chest, your head would rest, a loving purr, put me to test  
Together we would drift away, to dreams of a brand new day

**Chorus**

Oh Chinny, my heart's true song, for fifteen precious years, you truly belonged  
My gentle giant, my Maine Coon king, the endless comfort you would bring  
A love so pure, a spirit free, forever living inside of me  
My beautiful Chinny, my cherished friend, our bond will never truly end

**Verse 2**

Our evening cuddles, soft and deep, a loving promise you would keep  
In the recliner, just us two, with little Andy right there too  
Whatever room I happened to be, your shadow followed faithfully  
A constant presence, warm and kind, the dearest friend I'd ever find

**Chorus**

Oh Chinny, my heart's true song, for fifteen precious years, you truly belonged  
My gentle giant, my Maine Coon king, the endless comfort you would bring  
A love so pure, a spirit free, forever living inside of me  
My beautiful Chinny, my cherished friend, our bond will never truly end

**Bridge**

Though you passed in October's grace, I still miss you, miss your sweet face  
My heart is broken, tears still flow, my favorite hello, my hardest goodbye, you know  
Hold your sweet Precious, just like before, until these empty arms can hold you once more

*Chinny's Favorite Hello (continued)*

When I cross over, to the other side, by your loving presence, I'll abide

**Instrumental - piano, cello**

**Final Chorus**

Oh Chinny, my heart's true song, for fifteen precious years, you truly belonged  
My gentle giant, my Maine Coon king, the endless comfort you would bring  
A love so pure, a spirit free, forever living inside of me  
My beautiful Chinny, my cherished friend, our bond will never truly end

**Outro - acoustic guitar fade**

At Rainbow Bridge, with Precious near, no more goodbyes, no more fear  
My black and white, my purebred boy, at peace now, filled with endless joy  
Running free, in sunlit fields so wide, forever by Precious's side

*Forever in our hearts*
