Shippy's Gentle Nudge

A Tribute Song

Intro - acoustic guitar, piano

Verse 1

I remember the day, so clear in my mind
A tiny Yorkie Poo, one of a kind
A soft little nudge on my leg, a sweet plea
To be scooped in my arms, right next to me
You followed us close, wherever we'd roam
A shadow of love, here in our home
Your presence a comfort, a whisper so light
Guiding our days, and calming each night.

Chorus

Oh, Shippy, dear Shippy, you stayed by our side
For ten precious years, our joy and our pride
A love like no other, forever will be
Etched deep in our hearts, for eternity.

Verse 2

Each time I walked in, from the day's weary race
You'd greet me with joy, a smile on your face
Then later, at night, a soft paw would appear
A gentle reminder, "My human, come near."
You loved going places, a "by-bye" meant fun
Right up till the moment the long journey's done
Your spirit so playful, your loyalty true
Every moment a gift, shared only with you.

Chorus

Oh, Shippy, dear Shippy, you stayed by our side
For ten precious years, our joy and our pride

Shippy's Gentle Nudge (continued)

A love like no other, forever will be
Etched deep in our hearts, for eternity.

Bridge

Though silence may fall, and tears gently flow
Your spirit is here, as well as we know
A final sweet whisper, I hear in my dreams
"Let's go see Mahi," how peaceful it seems.

Instrumental - cello, piano

Final Chorus

Oh, Shippy, dear Shippy, you stayed by our side
For ten precious years, our joy and our pride
A love like no other, forever will be
Etched deep in our hearts, for eternity.

Outro

Now you're playing again, with your favorite squeaky toy
Filled with pure happiness, boundless with joy
Running free, happy and bright
Sleeping peacefully through the long night.

Outro - soft hum, guitar fade

Forever in our hearts
