# Charlie's Island Sun

*A Tribute Song*

---

**Intro - ukulele, soft piano**

**Verse 1**

The sound of little paws, a memory I keep,  
Your tiny nails would tap, waking from my sleep.  
A Maltese-Terrier mix, with spirit in your eyes,  
A loyal little friend, beneath the morning skies.

**Chorus**

Oh, Charlie, sweet Charlie, my heart holds you so near,  
For eleven precious years, you chased away all fear.  
A quiet love song, softly sung to you,  
My little island dog, forever shining through.

**Verse 2**

That joy when I walked in, a greeting at the door,  
Your happy little dance, asking for so much more.  
And car rides by my side, with windows rolling down,  
Exploring every road, throughout our sleepy town.

**Chorus**

Oh, Charlie, sweet Charlie, my heart holds you so near,  
For eleven precious years, you chased away all fear.  
A quiet love song, softly sung to you,  
My little island dog, forever shining through.

**Bridge**

Though time may pass us by, and seasons gently turn,  
One truth within my soul, my loving heart has learned:  
You're always with me, Charlie, and I, I am with you,

*Charlie's Island Sun (continued)*

My precious little one, forever shining through.

**Instrumental - ukulele, steel drum, piano**

**Final Chorus**

Oh, Charlie, sweet Charlie, my heart holds you so near,  
For eleven precious years, you chased away all fear.

A quiet love song, softly sung to you,  
My little island dog, forever shining through.

**Outro**

Now feeling sunshine's warmth, beneath a leafy tree,  
On a tropical island shore, wild and running free.  
My Charlie, dreaming there, in peaceful, soft repose,  
Where gentle ocean breezes, bring comfort as it flows.

**Outro - ukulele fade, gentle waves**

*Forever in our hearts*
