Cali's Bright Spirit

A Tribute Song

Intro - acoustic guitar, ukulele

Verse 1

I remember the day, a small ball of fluff,
With sloppy wet kisses, you just couldn't get enough.
We'd race in the park, your small tail wagging free,
My spirited terrier, a wild joy for me.

Chorus

Oh Cali, my sunshine, my friend through the years,
Sixteen seasons, you banished all fears.
Your bright spirit shining, a love that won't cease,
You brought joy and laughter, and comforting peace.

Verse 2

No matter how far, or how brief I would roam,
You'd wait by the door, just to welcome me home.
A shadow of comfort, so constant and true,
My loyal companion, in all that I'd do.

Chorus

Oh Cali, my sunshine, my friend through the years,
Sixteen seasons, you banished all fears.
Your bright spirit shining, a love that won't cease,
You brought joy and laughter, and comforting peace.

Bridge

Though goodbye felt heavy, a whisper I made,
"I will see you again baby girl," I conveyed.
A promise of sunshine, beyond every tear,

Cali's Bright Spirit (continued)

Your love lives within me, forever so clear.

Instrumental - ukulele, glockenspiel

Final Chorus

Oh Cali, my sunshine, my friend through the years,
Sixteen seasons, you banished all fears.
Your bright spirit shining, a love that won't cease,
You brought joy and laughter, and comforting peace.

Outro - acoustic guitar fade, tambourine

Now licking my son, with love in your heart,
Playing with Lycy, never truly apart.
Running fields endless, in sweet, peaceful dreams,
My bright Cali's spirit, forever it gleams.

Forever in our hearts
