# Benny's Pasture Light

*A Tribute Song*

---

**Intro - piano, strings**

**Verse 1**

A tiny shadow, black and white  
A gentle jingle, morning's first light  
Your little tags, a joyful sound  
The sweetest spirit, could be found  
A Boston's heart, so true and bold  
A story etched, in years of old  
From puppy days, a playful bark  
You lit my life, you left your mark

**Chorus**

Oh, Benny, my dear friend so true  
Fourteen wonderful years with you  
Through every season, side by side  
My loyal companion, my heart's guide

**Verse 2**

That special moment, I recall  
Your happy dance, standing tall  
You'd jump and bite, a playful art  
A little blood, from a loving heart  
No harm intended, just pure glee  
A bond so wild, for all to see  
Your quirky ways, a joyful sight  
Filling my days with pure delight

**Chorus**

Oh, Benny, my dear friend so true  
Fourteen wonderful years with you

---

*Benny's Pasture Light (continued)*

Through every season, side by side  
My loyal companion, my heart's guide

**Bridge**

Now watch the deer for me, my friend  
Go run free now, beyond the bend  
See all there is, with boundless grace  
I'll find you again, in that peaceful place

**Instrumental - strings, acoustic guitar, French horn**

**Final Chorus**

Oh, Benny, my dear friend so true  
Fourteen wonderful years with you  
Through every season, side by side  
My loyal companion, my heart's guide

**Outro**

In the green pasture, you now roam  
Laying in sunshine, waiting for me to come home  
Your spirit free, beneath the sky  
Never truly, goodbye

**Outro - strings fade, piano sustains**

*Forever in our hearts*
