# Bella's Morning Sun

*A Tribute Song*

---

**Intro - acoustic guitar, ukulele**

**Verse 1**

Remember hearing down the stair,  
A gentle 'bunny hop' with care.  
Your sweet, chirpy little sound,  
The kindest kitty all around.  
A Maine Coon heart, so full of grace,  
A loving smile upon your face.  
You touched us with your gentle paw,  
The sweetest cat we ever saw.

**Chorus**

Oh, Bella, our sweet Bella dear,  
For fifteen wonderful long years.  
You filled our home with so much light,  
Now shining ever ever bright.  
We miss your love, your gentle purr,  
The warmth of you, our precious fur.

**Verse 2**

Each morning with a soft hello,  
At night, we'd hold you nice and slow.  
You'd groom my hair with tender touch,  
Those forehead kisses meant so much.  
Your paw would rest upon my hand,  
The cutest plea, we'd understand.  
Before a jump, a gentle raise,  
You filled our lives with loving days.

**Chorus**

*Bella's Morning Sun (continued)*

Oh, Bella, our sweet Bella dear,  
For fifteen wonderful long years.  
You filled our home with so much light,  
Now shining ever ever bright.  
We miss your love, your gentle purr,  
The warmth of you, our precious fur.

**Bridge**

I whisper through the window pane,  
"Keep looking, Boo Boos, through the rain.  
For birdies flying, squirrels so small,  
My sweet, I love you through it all."

**Instrumental - ukulele, glockenspiel**

**Final Chorus**

Oh, Bella, our sweet Bella dear,  
For fifteen wonderful long years.  
You filled our home with so much light,  
Now shining ever ever bright.  
We miss your love, your gentle purr,  
The warmth of you, our precious fur.

**Outro - acoustic guitar fade**

Now young again, no pain at all,  
You answer to a joyful call.  
With Hunter playing in the sun,  
Your happy, peaceful life has run.  
Soaking up warmth in a special place,  
A smile upon your gentle face.

*Forever in our hearts*
