Jett's Free Run

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

The day you came, a tiny flash of rust
A Vizsla puppy, full of joy and trust
We heard the sound, a rhythm light and true
The click clack of your nails, on floors brand new
A happy beat, a welcome to our home
No longer would we ever feel alone
With eager paws and eyes so bright and keen
The sweetest puppy we had ever seen.

Chorus

Oh Jett, our Jett, our dearest, loyal friend
Twelve best years, until the very end
A bond like ours, a love so deep and wide
Forever you will stay right by our side.

Verse 2

After long days, when work had worn us thin
Your gentle comfort always drew us in
Those soft, velvety ears, a calming touch
Meant more to us, than words could ever much
You'd steal our shoes, with mischief in your gaze
Unwrap a present in the funniest ways
So goofy, playful, always full of zest
Our clever Jett, put all our love to test.

Chorus

Oh Jett, our Jett, our dearest, loyal friend
Twelve best years, until the very end

Jett's Free Run (continued)

A bond like ours, a love so deep and wide
Forever you will stay right by our side.

Bridge

Now free from pain, across the grassy plains you roam
You found your peace, you truly made your home
Run free, dear Jett, let your spirit softly gleam
Stay forever in our hearts, a beautiful dream.

Instrumental - harmonica, acoustic guitar

Final Chorus

Oh Jett, our Jett, our dearest, loyal friend
Twelve best years, until the very end
A bond like ours, a love so deep and wide
Forever you will stay right by our side.

Outro

We see you now, chasing birds on high
Or lizards darting, 'neath a golden sky
Cuddling close, in slumber, sweet and deep
A silly sleeper, secrets you would keep
A phantom paw, a massage soft and low
As we are cooking, watching seasons go
Finding hidden toys, a joyful, playful bark
Our Jett, forever shining in the dark.

Outro - acoustic guitar fade

Forever in our hearts
