

Remembering Ollie

Custom Pet Memorial Songs

Mr Moose Man's Joyful Paw

A Tribute Song

Intro - acoustic guitar, banjo

Verse 1

My goodest boy, a working partner true
On search missions, we always saw it through
A Labrador's spirit, brave and bold
A story of loyalty, more precious than gold
When you retired, my heart felt a pang
But homecomings brought the joy that you sang
Greeting me daily, with a happy bark
Leaving your special, unforgettable mark

Chorus

Oh, Mr Moose Man, my loyal friend
Thirteen years of love, right to the end
Your happy paw prints upon my heart
A bond like no other, right from the start
Mr Moose Man, with a wagging tail
Your spirit and sunshine will never fail

Verse 2

I loved when you'd lay right there in my bed
On your back, feet in the air, a funny sight instead
Your back legs splayed out, a comical pose
Your tail like a metronome, everybody knows
Just how much joy in those moments you'd bring
A happy dog's dance, a wonderful thing
So full of character, so full of grace
Bringing a smile to every face

Chorus

Mr Moose Man's Joyful Paw (continued)

Oh, Mr Moose Man, my loyal friend
Thirteen years of love, right to the end
Your happy paw prints upon my heart
A bond like no other, right from the start
Mr Moose Man, with a wagging tail
Your spirit and sunshine will never fail

Bridge

My goodest Mr Moose Man, it's true
I held you a minute after you were new
And I was holding you, when you went up above
Filled every moment with endless love
I know you loved me, clear as the sky
I'll miss you forever, until bye and bye

Mandolin Solo - acoustic guitar, banjo

Final Chorus

Oh, Mr Moose Man, my loyal friend
Thirteen years of love, right to the end
Your happy paw prints upon my heart
A bond like no other, right from the start
Mr Moose Man, with a wagging tail
Your spirit and sunshine will never fail

Outro

Now you're sleeping by the rainbow bridge, I know
Maybe playing with a ball, putting on a show
But waiting for me, patient and true
Mr Moose Man, I'll be there with you

Outro - acoustic guitar fade, banjo

Forever in our hearts
