# Angel Bean's Majestic Tail

*A Tribute Song*

---

**Intro - cello, piano**

**Verse 1**

At three weeks old, a tiny little soul  
Rejected, with a fight to make you whole  
A fragile runt, with a kinked tail and a plea  
My newborn baby, just one pound to see  
With syringe and thickened food, we helped you grow  
Against all odds, your will to live would show  
Daddy's alarm clock, every single day  
Our little pitbull, finding his own way

**Chorus**

Oh, Angel Bean, our beautiful brave boy  
For almost nine amazing years, you brought us joy  
A soul so pure, a love beyond compare  
You were the most special boy we ever shared

**Verse 2**

On Wednesday and Saturday, with Dad you'd roam  
Slaying dragons, then talking when you came home  
You'd suckle on your blanket, a gentle giant's grace  
A basketball head with love on your sweet face  
Your kinked tail, a majestic unicorn's spell  
An elder wand, a story it would tell  
Staring in our eyes, a deep "soul gazing" art  
You held a forever home within our heart

**Chorus**

Oh, Angel Bean, our beautiful brave boy  
For almost nine amazing years, you brought us joy

*Angel Bean's Majestic Tail (continued)*

A soul so pure, a love beyond compare  
You were the most special boy we ever shared

**Bridge**

Then Mother's Day, a sudden, tragic fright  
You faced the serpent, shining ever bright  
You took the venom, saved your sister, true and bold  
A hero's sacrifice, a story to be told  
Your kidneys weakened, our hearts began to break  
A choice we never wanted for your sake  
We loved you your whole entire life, our sweet design  
And we will love you for the rest of ours, you're mine  
You were and always will be the most special boy we ever had

**Instrumental - strings, French horn**

**Final Chorus**

Oh, Angel Bean, our beautiful brave boy  
For almost nine amazing years, you brought us joy  
A soul so pure, a love beyond compare  
You were the most special boy we ever shared

**Outro - piano, strings fade**

Now reading newspapers with Sage, in skies above  
Sucky time and sunning, surrounded by our love  
Watching your family, from the clouds so high  
Our Angel Bean, beneath the endless sky

*Forever in our hearts*
