# Barney's Green Meadows

*A Tribute Song*

---

**Intro - fingerpicked acoustic guitar, soft piano**

## **Verse 1**

I remember the first time I saw your sweet face,  
A scruffy young lurcher, full of charm and grace.  
Your happy eyes looked up, a love I couldn't deny,  
And into my arms came a gentle, soft sigh.  
You melted my heart with your warm, fuzzy beard,  
Every soft cuddle, all my worries you cleared.  
A bond formed that moment, so true and so deep,  
A promise of comfort, secrets to keep.

## **Chorus**

Oh, Barney, my boy, my dear loving friend,  
For twelve of the best years, right until the end.  
You taught me of loyalty, pure and so true,  
A part of my soul will forever miss you.

## **Verse 2**

Each morning you'd greet me, a gentle warm plea,  
With your head on my shoulder, you'd always hug me.  
And when I came home, no matter the day,  
You'd be at the door, chasing shadows away.  
Your quiet devotion, a presence so kind,  
The best companion a heart could ever find.  
Through sun and through sorrow, you walked by my side,  
My faithful old friend, in whom I could confide.

## **Chorus**

Oh, Barney, my boy, my dear loving friend,  
For twelve of the best years, right until the end.

*Barney's Green Meadows (continued)*

You taught me of loyalty, pure and so true,  
A part of my soul will forever miss you.

**Bridge**

Though silence now echoes where your paw once would tread,  
Sweet memories linger, filling my head.  
I feel your warm spirit, a comforting gleam,  
In every soft whisper, a beautiful dream.  
Love you boy, wait for me, my heart softly sighs,  
Until we meet again, beneath endless skies.

**Instrumental - piano, soft strings**

**Final Chorus**

Oh, Barney, my boy, my dear loving friend,  
For twelve of the best years, right until the end.  
You taught me of loyalty, pure and so true,  
A part of my soul will forever miss you.

**Outro - acoustic guitar fade, soft hum**

Now running free, boy, in meadows of green,  
The most beautiful landscape my eyes have ever seen.  
Waiting for me, just beyond the light's gleam,  
My sweet Barney, my beautiful dream.

*Forever in our hearts*
