

Remembering Ollie

Custom Pet Memorial Songs

Charlie's Long Walk Home

A Tribute Song

Intro - acoustic guitar, mandolin

Verse 1

The day you came, a fluffy white delight
A little gentleman, always polite
My peaceful best friend, right from the start
You found a special place within my heart
Those long walks we took, just you and me
Through sunlit parks, wild and free
A quiet spirit, gentle and true
My world felt brighter, just having you

Chorus

Oh Charlie, my Charlie, ten wonderful years
You chased away shadows, you dried all my tears
A love like no other, so loyal and deep
In my heart, your memory I'll forever keep

Verse 2

Each day felt better, knowing you'd be near
Your happy greetings, calming every fear
That little wiggle, tail a blur of white
Made coming home feel like a shining light
And oh, the mischief, a playful, silly chase
You loved my dirty socks, all over the place
Those simple moments, etched within my soul
You made my broken pieces feel whole

Chorus

Oh Charlie, my Charlie, ten wonderful years
You chased away shadows, you dried all my tears

Charlie's Long Walk Home (continued)

A love like no other, so loyal and deep
In my heart, your memory I'll forever keep

Bridge

Now I look to the stars, wish you were here close by
I hear your little bark sometimes, a distant sigh
I miss you, Dad's, I miss my best friend
A bond like ours, it will never end
I wish we could hug again, just one last time
To feel your soft fur, a moment sublime

Instrumental - harmonica, acoustic guitar

Final Chorus

Oh Charlie, my Charlie, ten wonderful years
You chased away shadows, you dried all my tears
A love like no other, so loyal and deep
In my heart, your memory I'll forever keep

Outro - acoustic guitar fade

Up in the heavens, I know you still roam
Watching your papa, waiting for home
Peacefully dreaming, or running through fields
The love we shared, forever it yields

Forever in our hearts
