Bear's Gentle Light

A Tribute Song

Intro - Rhodes piano, nylon guitar

Verse 1

Little paws upon the floor
You'd wait right by the kitchen door
A fluffy cloud of love and grace
With high fives and a smiling face
We played hide-n-seek with glee
Such a playful soul, our Bear, you see
Your bright eyes full of knowing light
Made every morning warm and bright

Chorus

Oh, sweet Bear, our little star
Six precious years, no matter how far
Your memory a gentle hum
Until the day we overcome
This quiet ache, this missing friend
Our love for you will never end.

Verse 2

You'd claim the bed, right in the middle
Solved every mystery, every riddle
A quiet hum beneath my desk
Putting our tired hearts to the test
Evenings spent, watching TV
Always right there, close to me
Every moment, every day
You chased the lonely thoughts away.

Chorus

Bear's Gentle Light (continued)

Oh, sweet Bear, our little star
Six precious years, no matter how far
Your memory a gentle hum
Until the day we overcome
This quiet ache, this missing friend
Our love for you will never end.

Bridge

Though silence fills these empty rooms now
Lena watches, easing our brow
We will be together once again
Beyond the sorrow and the pain
A promise held, a love so deep
Until that day, our hearts will keep.

Instrumental - cello, glockenspiel

Final Chorus

Oh, sweet Bear, our little star
Six precious years, no matter how far
Your memory a gentle hum
Until the day we overcome
This quiet ache, this missing friend
Our love for you will never end.

Outro - Rhodes piano fade, soft strings

At rainbow bridge, you wait for us
A gentle spirit, free from fuss
Dreaming soft, beneath the light
Until we join you, shining bright.

Forever in our hearts
