Teddy's Tiny Soul

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

A small bark echoed, a spirit so bright
Twelve years ago, you filled our home with light
A tiny Pomeranian, a furry, joyful sound
The biggest little soul that ever could be found
You walked with grace, a regal, fluffy king
Every morning, joy and wonder you would bring
No quiet corner, no space untouched by you
A love so big, so tender, and so true

Chorus

Oh, Teddy, our sweet boy, a constant, guiding star
Twelve years we walked together, no matter near or far
Your memory a comfort, a whisper in the breeze
We'll carry you always, our hearts forever ease
Oh, Teddy, our sweet boy, a friend beyond compare
A love like yours, a treasure, beyond all earthly care

Verse 2

The evening sun would settle, soft and low
We'd watch the world together, as the breezes gently blow
Out on the porch swing, just you and I would be
A quiet understanding, for all the world to see
You'd lean against my leg, a peaceful, silent vow
A special moment cherished, remembered even now
The simple joy you brought us, in every single way
Shines on within our memories, to brighten every day

Chorus

Teddy's Tiny Soul (continued)

Oh, Teddy, our sweet boy, a constant, guiding star
Twelve years we walked together, no matter near or far
Your memory a comfort, a whisper in the breeze
We'll carry you always, our hearts forever ease
Oh, Teddy, our sweet boy, a friend beyond compare
A love like yours, a treasure, beyond all earthly care

Verse 3

You loved your carriage rides, a king upon your throne
Exploring new adventures, never feeling all alone
A little bit of spaghetti, a treat you held so dear
And cold water in your dish, to always keep you near
These little things remembered, etched deeply in our mind
The unique ways you loved us, one of a kind
Each detail a reminder, of joy you used to share
A tapestry of moments, beyond all compare

Chorus

Oh, Teddy, our sweet boy, a constant, guiding star
Twelve years we walked together, no matter near or far
Your memory a comfort, a whisper in the breeze
We'll carry you always, our hearts forever ease
Oh, Teddy, our sweet boy, a friend beyond compare
A love like yours, a treasure, beyond all earthly care

Bridge

I'll see you again, Teddy, a promise I will keep
Run and play like you used to, while my heart still weeps
Chase the birdies in the sunshine, with not a single care
A waiting heart will find you, somewhere out there

Instrumental - acoustic guitar, harmonica

Final Chorus

Oh, Teddy, our sweet boy, a constant, guiding star
Twelve years we walked together, no matter near or far
Your memory a comfort, a whisper in the breeze
We'll carry you always, our hearts forever ease
Oh, Teddy, our sweet boy, a friend beyond compare
A love like yours, a treasure, beyond all earthly care

Outro - acoustic guitar fade

Now you are well again, beyond all pain and strife
Running through the fields, full of vibrant life

Teddy's Tiny Soul (continued)

Chasing all the birdies, beneath the endless blue
No bad heart, no arthritis, just freedom, strong and true
Sleeping peacefully now, or running in the light
Forever in our hearts, our Teddy, shining bright.

Forever in our hearts
