Freddie's Summer Dream

A Tribute Song

Intro - Rhodes piano, gentle ukulele

Verse 1

I remember years ago, our very first game
Playing hide and seek, calling out your name
You'd find me every time, with a joyful chase
Your little tail would wag, all over the place
A cute high-pitched bark, a sound so sweet
My little Shih tzu, with tiny, happy feet.

Chorus

Oh, Freddie, my dear, my Baby Bear so true
Fourteen and a half years, spent loving you
Now I hold these memories, close within my heart
Though we're miles apart, you're still a part.

Verse 2

Our pre-bed ritual, a moment I recall
You'd jump upon the bed, answering my call
Watching with excitement, as we got ready near
Then rolling all around, banishing all fear
A flurry of zoomies, a happy, playful sight
Bringing so much sunshine, morning, noon and night.

Chorus

Oh, Freddie, my dear, my Baby Bear so true
Fourteen and a half years, spent loving you
Now I hold these memories, close within my heart
Though we're miles apart, you're still a part.

Freddie's Summer Dream (continued)

Go enjoy all the carrots, your heart desires, dear
No more pain, no more worries, no more a single tear
I'll be there soon, and we'll cuddle close and tight
With your favorite ball, and squirrel toy in the light
My sweet Baby Bear, my love for you runs deep.

Instrumental - soft strings, piano

Final Chorus

Oh, Freddie, my dear, my Baby Bear so true
Fourteen and a half years, spent loving you
Now I hold these memories, close within my heart
Though we're miles apart, you're still a part.

Outro - ukulele fade, soft piano

A perfect summer afternoon, the sun upon your fur
Diving in the pool, a happy, gentle purr
Chasing your favorite ball, wagging your tail with glee
Eating sweet watermelon, forever wild and free
Swimming hours on end, beneath the sky so blue.

Forever in our hearts
