Gigi's Gentle Journey

A Tribute Song

Intro - soft piano, acoustic guitar

Verse 1

You were with me everywhere I'd roam,
My constant companion, I was never alone.

A tiny love sent from up above,
Filled every moment with your gentle love.

Chorus

Oh, Gigi, for fifteen precious years,
You chased away my every fear.
My sweet Morkie, a beacon bright,
Shining softly in the fading light.

Verse 2

Each morning you'd wake, so happy to begin,
Knowing adventures awaited, through thick and thin.
When I'd come home, your joy would brightly show,
Then at bedtime, cuddled close and low.

Chorus

Oh, Gigi, for fifteen precious years,
You chased away my every fear.
My sweet Morkie, a beacon bright,
Shining softly in the fading light.

Bridge

I whisper, "Grab your leash, let's take a ride,"
With your little head out, right by my side.
Smelling the flowers, fresh in the air,

Gigi's Gentle Journey (continued)

A perfect moment beyond all compare.

Instrumental - piano, soft strings

Final Chorus

Oh, Gigi, for fifteen precious years,
You chased away my every fear.
My sweet Morkie, a beacon bright,
Shining softly in the fading light.

Outro - piano fade, soft acoustic guitar

Now in God's hands, peaceful and serene,
You watch from above, a heavenly scene.
Waiting for the day, reunited we will be,
Running free, for all eternity.

Forever in our hearts
