

Remembering Ollie

Custom Pet Memorial Songs

Stewie's Sunshine Run

A Tribute Song

Intro - acoustic guitar, glockenspiel

Verse 1

I remember your long-tongue kisses, wet and sweet
And curling up beside me, a nightly, soft retreat
You'd spin around in circles when it was time to eat
My best friend, my companion, from your head down to your feet

Chorus

Oh, Stewie, my love, for fourteen precious years
You filled my life with sunshine, chased away my fears
You're etched within my memories, through laughter and through tears
So loved, my little sidekick, forever in my prayers

Verse 2

I loved you cuddled close, right beside me in my bed
And how you'd greet me daily, the moment I was led
Back through the door at evening, the joy upon your head
A happy little shadow, every word I said

Chorus

Oh, Stewie, my love, for fourteen precious years
You filled my life with sunshine, chased away my fears
You're etched within my memories, through laughter and through tears
So loved, my little sidekick, forever in my prayers

Bridge

Run free now, little buddy, your suffering is done
Your pain is truly vanished, beneath the endless sun
I'll love you always, Stewie, till all our days are run

Stewie's Sunshine Run (continued)

I'll see you soon, my sidekick, my dear and precious one

Instrumental - glockenspiel, acoustic guitar, light percussion

Final Chorus

Oh, Stewie, my love, for fourteen precious years
You filled my life with sunshine, chased away my fears
You're etched within my memories, through laughter and through tears
So loved, my little sidekick, forever in my prayers

Outro - acoustic guitar fade, glockenspiel

Now you're running free with Brian, and happy little Ozzie too
Beneath the golden sunshine, everything is new
Having so much fun, my sweet boy, forever true
Running free in heaven, waiting there for me and you.

Forever in our hearts
