Baloo's Morning Field

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

The click-clack sound upon the kitchen floor
Your happy paws, then you were out the door
I'd chase you 'round, a game we always played
A joyful memory, in my heart it stayed
You'd jump in joy, and lick my face so sweet
My loyal friend, with happy, wagging feet
A Labrador's love, so boundless and so true
My heart was captured, Baloo, right by you

Chorus

Oh, Baloo, my boy, my truest, faithful friend
Seven years of joy, right to the very end
You filled my days with sunshine, love, and grace
A smile now hides a tear upon my face

Verse 2

At six AM, we'd walk the field, come rain or sun
Our quiet ritual, a brand new day begun
Through dewy grass, your spirit running free
Just you and I, a perfect company
Then nine PM, the door would finally creak
Your happy barks, the joy you couldn't speak
You'd watch me close, just waiting for a hug
My weary heart would feel your endless tug

Chorus

Oh, Baloo, my boy, my truest, faithful friend
Seven years of joy, right to the very end

Baloo's Morning Field (continued)

You filled my days with sunshine, love, and grace
A smile now hides a tear upon my face

Bridge

A whisper now, that echoes in the air
I'm sorry, Baloo, for what I couldn't share
Not everything you deserved, I could not give
But in my heart, your memory will live
I miss you dearly, my boy, beyond all words
Your loyal spirit, singing with the birds

Instrumental - harmonica, acoustic guitar, upright bass

Final Chorus

Oh, Baloo, my boy, my truest, faithful friend
Seven years of joy, right to the very end
You filled my days with sunshine, love, and grace
A smile now hides a tear upon my face

Outro

Now in the fields, you chase the pheasant's flight
Like a bullet shot, a flash of pure delight
I feel you watching, over my shoulder near
Rubbing your face against my leg, so clear
Run free, my Baloo, where no shadows fall
I hear your spirit answer to my call

Outro - acoustic guitar fade, harmonica

Forever in our hearts
