Mooky's Gentle Shadow

A Tribute Song

Intro - Rhodes piano, soft strings

Verse 1

From the moment that we met, my sweet pug-chi boy
You found love in every soul, bringing only joy
You'd make friends with any creature, no matter what their kind
Leaving every bit of sorrow far behind
You were my little right-hand man, my shadow through the years
You were my heart, you were my soul, calming all my fears

Chorus

Oh, Mooky, my sweet Mooky, twenty years by my side
With every step I took, you were my faithful guide
Your love still fills this empty space, a quiet, gentle hum
You're forever in my heart, until my time will come

Verse 2

Coming home from weary work, I knew you'd be right there
Anticipating my return, beyond all compare
You'd jump into my open arms, a greeting pure and true
We read each other's silent thoughts, everything we knew
You carried all my burdens, the weight of every day
Without a single moment, wishing them away

Chorus

Oh, Mooky, my sweet Mooky, twenty years by my side
With every step I took, you were my faithful guide
Your love still fills this empty space, a quiet, gentle hum
You're forever in my heart, until my time will come

Bridge

Mooky's Gentle Shadow (continued)

My little boy, you truly earned this peaceful, perfect rest
You were my shadow for so long, you gave your very best
If I could give another twenty, for someone else to know
The life and love you shared with me, and help their spirit grow
You're forever in my memories, until I see that gate
Waiting there for my return, no longer will I wait

Instrumental - soft strings, nylon guitar

Final Chorus

Oh, Mooky, my sweet Mooky, twenty years by my side
With every step I took, you were my faithful guide
Your love still fills this empty space, a quiet, gentle hum
You're forever in my heart, until my time will come

Outro - Rhodes piano, soft strings fade

Now you're exploring your new home, beyond the Rainbow Bridge
Sniffing out the greenest trees, along the gentle ridge
Running free, a happy boy, with your favorite tennis ball
Mooky, my dear Mooky, you gave your heart, you gave your all.

Forever in our hearts
