Momma Lily Mae's Sweet Sleep

A Tribute Song

Intro - piano, cello

Verse 1

Oh, Lily Mae, my gentle heart,
Right from the very start.
You wore the name of "Momma" true,
With comfort for me and for you.
A Boxer's strength, a loving gaze,
Through all of life's winding maze.
Your spirit filled an empty space,
Leaving light in every place.

Chorus

Oh, Lily Mae, my sweet dear friend,
Our eight years together had no end.
Though sadness clouds, your love remains,
Washing away all the pains.

Verse 2

When twilight softly drew us near,
You'd banish every doubt and fear.
You'd groom us all with tender care,
A ritual beyond compare.
Then curled up close upon my chest,
Putting our weary souls to rest.
A silent promise, strong and deep,
To guard us while we fell asleep.

Chorus

Oh, Lily Mae, my sweet dear friend,
Our eight years together had no end.

Momma Lily Mae's Sweet Sleep (continued)

Though sadness clouds, your love remains,
Washing away all the pains.

Bridge

The quiet words I whispered low,
As gently it was time to go.
"You'll always be my baby girl,"
My precious heart, my whole wide world.
Forever and ever, it is true,
My endless love belongs to you.

Instrumental - cello, piano

Final Chorus

Oh, Lily Mae, my sweet dear friend,
Our eight years together had no end.
Though sadness clouds, your love remains,
Washing away all the pains.

Outro

Now free from pain, a joyful stride,
With every friend by your side.
You greet them all with happy bark,
A shining light within the dark.
Sweet dreams, my love, a peaceful rest,
Forever blessed, forever best.

Outro - piano fade

Forever in our hearts
