# Zha-Zha's Golden Rest

*A Tribute Song*

---

**Intro - piano, acoustic guitar**

**Verse 1**

The first day we met, a tiny, soft delight,  
A mixed Yorkie-Bichon, shining ever bright.  
Such a happy girl, with a gentle, joyful sway,  
Your little tail was wagging, content throughout the day.

**Chorus**

Oh, Zha-Zha, my sweet, my precious one,  
Seventeen and a half years beneath the sun.  
A love like yours, a bond so true and deep,  
Treasured memories my heart will always keep.

**Verse 2**

We spent our days exploring, visiting every friend,  
Your happy barks and snuggles, until the very end.  
Then bedtime came, you'd cuddle close and tight,  
A comfort in the darkness, a warmth through every night.

**Chorus**

Oh, Zha-Zha, my sweet, my precious one,  
Seventeen and a half years beneath the sun.  
A love like yours, a bond so true and deep,  
Treasured memories my heart will always keep.

**Bridge**

Not a day goes by, mama misses you, it's true,  
Mama loves you dearly, in everything I do.  
I know you are no longer suffering, gentle heart,

*Zha-Zha's Golden Rest (continued)*

Though we are for now, so sadly far apart.

**Instrumental - piano, plucked cello**

**Final Chorus**

Oh, Zha-Zha, my sweet, my precious one,  
Seventeen and a half years beneath the sun.  
A love like yours, a bond so true and deep,  
Treasured memories my heart will always keep.

**Outro**

Now laying on your back, pain free in golden light,  
Basking in the sunshine, serene and ever bright.  
Sleep peaceful, my Zha-Zha, in your forever dream,  
A soft, warm memory, a beautiful, gentle stream.

**Outro - synth pad fade**

*Forever in our hearts*
