Delta's Steadfast Howl

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

A tiny spirit, long-haired and bright,
So smart, you mastered every trick in sight.
A feisty shadow, sassy and so bold,
A fearless story, bravely to unfold.
You'd howl with joy the moment I'd appear,
A happy greeting, chasing away all fear.
My Chihuahua soulmate, strong and true,
There was no other companion quite like you.

Chorus

Oh, Delta, my dear, through fourteen years we flew,
My steadfast companion, loyal and so true.
Your paw print etched upon my heart so deep,
A love like ours, a promise I will keep.

Verse 2

No matter how the weary day would end,
Your joyful greeting, a loving, constant friend.
You'd run in circles, howling at the door,
And make the darkest moments hurt no more.
Through breakups, accidents, and cancer's fight,
You were my comfort, my guiding, steady light.
Always beside me, never far away,
You chased the clouds from every single day.

Chorus

Oh, Delta, my dear, through fourteen years we flew,
My steadfast companion, loyal and so true.

Delta's Steadfast Howl (continued)

Your paw print etched upon my heart so deep,
A love like ours, a promise I will keep.

Bridge

Now rest peacefully, my little one, I pray,
Mama loves and misses you more than life each day.
Run wild and free, beyond the sun's warm glow,
A love like ours, the truest heart will know.

Harmonica Solo

Final Chorus

Oh, Delta, my dear, through fourteen years we flew,
My steadfast companion, loyal and so true.
Your paw print etched upon my heart so deep,
A love like ours, a promise I will keep.

Outro - guitar fade

I see you howling, bossing all around,
Perched on my shoulder, without a single sound.
Running free now, where the gentle breezes play,
My little Delta, chasing endless day.

Forever in our hearts
