Lilly's Guiding Star

A Tribute Song

Intro - piano, strings

Verse 1

A tiny miracle, so determined and small,
With a spirit so fierce, you stood above all.
You loved your dear Daddy with all of your might,
Our Queen and our Mumma, our beacon of light.

Chorus

Oh, Lilly, our darling, for fourteen sweet years,
You filled up our home, chased away all our fears.
A love like no other, forever we'll hold,
A story of warmth, more precious than gold.

Verse 2

Those precious snuggles, a comfort so deep,
As secrets we'd whisper, for only to keep.
You looked after everyone, with watchful soft eyes,
A guardian angel beneath our own skies.

Chorus

Oh, Lilly, our darling, for fourteen sweet years,
You filled up our home, chased away all our fears.
A love like no other, forever we'll hold,
A story of warmth, more precious than gold.

Verse 3

Our own little hairdresser, with paws soft and neat,
Daddy's self-taught therapy cat, oh so complete.
You taught us so well, and you saved us all too,

Lilly's Guiding Star (continued)

Thank you for everything, in all that you do.

Chorus

Oh, Lilly, our darling, for fourteen sweet years,
You filled up our home, chased away all our fears.

A love like no other, forever we'll hold,
A story of warmth, more precious than gold.

Bridge

We whisper your name now, "Wait for me, wait,"
Watch over us, guide us, through destiny's gate.
Fly now with Charlie, take your wings, take your seat,
With God in the heavens, your journey complete.

Instrumental - cello, French horn

Final Chorus

Oh, Lilly, our darling, for fourteen sweet years,
You filled up our home, chased away all our fears.

A love like no other, forever we'll hold,
A story of warmth, more precious than gold.

Outro - piano, strings fade

Up there with Charlie, watching from above,
Forever you're deep in our hearts, our eternal love.

Forever in our hearts
