Custom Pet Memorial Songs

Ellie and Bella's Quiet Nights

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

The day you both came into our lives, a joyful, happy sound,
Two tiny bundles, full of life, no happier pups were found.
With playful barks and wagging tails, you'd chase across the floor,
Our little poodles, light as sails, always wanting more.

Chorus

Oh, Ellie and Bella, my sweet, loyal pair,
Fourteen precious years we've been sharing the air.
Through every season, a love strong and true,
Our hearts will forever remember you.

Verse 2

When twilight fell and the day grew long, the world would settle down,
We'd find our peace where we belonged, escaping every frown.
Our quiet nights, a gentle sigh, beside the fire's glow,
With softest fur beneath our hand, watching embers flow.

Chorus

Oh, Ellie and Bella, my sweet, loyal pair,
Fourteen precious years we've been sharing the air.
Through every season, a love strong and true,
Our hearts will forever remember you.

Bridge

Though silence now fills the space you once graced,
Your gentle spirits can never be erased.
My final whisper, a tender, soft sound,

Ellie and Bella's Quiet Nights (continued)

"I love you," echoed where peace can be found.

Instrumental - banjo, acoustic guitar

Final Chorus

Oh, Ellie and Bella, my sweet, loyal pair,
Fourteen precious years we've been sharing the air.
Through every season, a love strong and true,
Our hearts will forever remember you.

Outro

Now dreaming deep, where shadows sleep, curled up in slumber's grace,
Our precious girls, their promises to keep, in their eternal resting place.

Outro - guitar fade
