Eddie's Smiling Soul

A Tribute Song

Intro - gentle piano

Verse 1

A little Havanese, with eyes so bright and keen,
A rescue heart, the sweetest we had seen.
We saw your big smiles, a joy beyond compare,
On long walks at the marina, with love beyond compare.
You'd wait for birthday cake, as we sang soft and low,
And belly rubs you cherished, making your spirit glow.
Coming home from trips, your welcome always grand,
The best boy in the world, a paw within our hand.

Chorus

Oh, Eddie, our dear boy, for sixteen precious years,
You filled our home with laughter, calmed away our fears.
Your spirit shines so brightly, a light that won't depart,
Forever you will live within our loving heart.

Verse 2

Each morning walk with Paulie, a ritual so sweet,
And by Daddy's desk, you'd rest your weary feet.
Our favorite times together, a quiet, gentle grace,
You brought such peace and comfort, in every time and place.
Your loyal little presence, a shadow by our side,
Through every passing season, our faithful, furry guide.

Chorus

Oh, Eddie, our dear boy, for sixteen precious years,
You filled our home with laughter, calmed away our fears.
Your spirit shines so brightly, a light that won't depart,
Forever you will live within our loving heart.

Eddie's Smiling Soul (continued)

Bridge

Eddie's a good boy, always true and kind,
The best boy we could ever hope to find.
Paulie and Daddy will carry your love, pure and deep,
We'll be okay, your memory we will keep.
Please send us signs, a butterfly in flight,
A cherished memory, in our darkest night.

Instrumental - cello melody

Final Chorus

Oh, Eddie, our dear boy, for sixteen precious years,
You filled our home with laughter, calmed away our fears.
Your spirit shines so brightly, a light that won't depart,
Forever you will live within our loving heart.

Outro

Now running free, with Charlie and with Toby too,
Across the endless fields, a sky of endless blue.
Just eagerly waiting, till we're all together once again,
Sweet dreams, our good boy Eddie, beyond all earthly pain.

Outro - piano fade

Forever in our hearts
