# Roxie's Rainbow Ride

*A Tribute Song*

---

**Intro - Piano, Acoustic Guitar**

**Verse 1**

A little white shadow with a beautiful pink tail,  
Riding on a motorcycle, strong against the gale.  
So sweet and so loving, never leaving Daddy's side,  
You loved being with people, on every happy ride.

**Chorus**

Oh Roxie, our darling, for nine precious years,  
You filled every moment, calming all our fears.  
A long-haired chihuahua, so tiny and so grand,  
The sweetest little spirit in all of the land.

**Verse 2**

In quiet soft evenings, you'd sit upon our lap,  
Giving us your pure love, bridging every gap.  
We remember your gentle kiss, a sweet and tender bliss,  
How you'd lick your Daddy's forehead, we truly truly miss.

**Chorus**

Oh Roxie, our darling, for nine precious years,  
You filled every moment, calming all our fears.  
A long-haired chihuahua, so tiny and so grand,  
The sweetest little spirit in all of the land.

**Bridge**

Though silence may linger, and tears may still fall,  
You are loved and you are missed, answering love's call.  
Your spirit lives within us, a warmth that won't depart,

*Roxie's Rainbow Ride (continued)*

Forever etched in memory, deep within our heart.

**Instrumental - Soft Strings, Piano**

**Final Chorus**

Oh Roxie, our darling, for nine precious years,  
You filled every moment, calming all our fears.  
A long-haired chihuahua, so tiny and so grand,  
The sweetest little spirit in all of the land.

**Outro**

Now running free and healthy, on the Rainbow Bridge you play,  
With Blondie, your angel sister, in a brighter, painless day.  
Your cancer is now gone, gentle heart at peace,  
A loving, happy spirit, granted sweet release.

**Outro - Piano fade**

*Forever in our hearts*
