Mindy's Gentle Goodnight

A Tribute Song

Intro - piano, strings

Verse 1

Oh, Mindy, our sweet Boston girl,
A wiggle butt brightened our world.
With toy in mouth, a joyful sound,
The wettest kisses could be found.
Your love poured out with every lick,
A playful tug, a happy trick.
Then gratitude in your soft gaze,
Through changing seasons, passing days.

Chorus

Oh, Mindy, for ten years and nine,
Your loyal heart, a love divine.
A precious gift, a shining star,
No matter where you are, you're not far.
We love you forever, our dear friend,
A bond like yours will never end.

Verse 2

From puppy days, at our front door,
Your happy greeting, we adored.
You'd sit beside us at the table,
A dinner guest, so loyal, able.
Then cuddling close, a gentle rest,
You truly were the very best.
For Mom, you barked with all your might,
In twilight hours, holding tight.

Chorus

Mindy's Gentle Goodnight (continued)

Oh, Mindy, for ten years and nine,
Your loyal heart, a love divine.
A precious gift, a shining star,
No matter where you are, you're not far.
We love you forever, our dear friend,
A bond like yours will never end.

Bridge

Go be with Mom, run, play, and be free,
From all the pain, eternally.
We long to see your face again,
And thank you for the love you gave then.
For looking in our eyes, so true,
Dear Mindy, know that we loved you.

Instrumental - strings, piano

Final Chorus

Oh, Mindy, for ten years and nine,
Your loyal heart, a love divine.
A precious gift, a shining star,
No matter where you are, you're not far.
We love you forever, our dear friend,
A bond like yours will never end.

Outro

Now with your Mom, beyond the blue,
Running free, a vibrant hue.
At peace, asleep, or playing bright,
Basking in eternal light.

Outro - cello fade
