# Minnie's Cloud Lullaby

*A Tribute Song*

---

**Intro - soft piano, acoustic guitar**

**Verse 1**

The first day you came, a tiny fur ball so small,  
You settled right in, answering love's gentle call.  
On my lap, you would sit, a sweet comfort so deep,  
As I gave you massages, secrets we would keep.  
My baby, my darling, with eyes full of grace,  
Giving love unconditionally, lighting up every space.

**Chorus**

Oh, Minnie, dear Minnie, my sweet shining star,  
For thirteen precious years, you were never far.  
Your memory whispers, soft as a gentle breeze,  
Bringing my heart both sorrow and sweet ease.

**Verse 2**

Each night you would join me, tucked close by my side,  
Through the dark hours, your presence, my guide.  
Never once did you leave me, a shadow so true,  
My loyal companion, through and through.  
Your tiny paws walking wherever I'd go,  
A bond woven tightly, a love that would grow.

**Chorus**

Oh, Minnie, dear Minnie, my sweet shining star,  
For thirteen precious years, you were never far.  
Your memory whispers, soft as a gentle breeze,  
Bringing my heart both sorrow and sweet ease.

*Minnie's Cloud Lullaby (continued)*

I miss you so dearly, my heart aches inside,  
But I know you are happy, with nothing to hide.  
With your brothers and sisters, now you can play,  
No more pain will touch you, day after day.

**Instrumental - piano, synth pads**

**Final Chorus**

Oh, Minnie, dear Minnie, my sweet shining star,  
For thirteen precious years, you were never far.  
Your memory whispers, soft as a gentle breeze,  
Bringing my heart both sorrow and sweet ease.

**Outro**

Now sleeping so gently, on a soft cloud above,  
No more pain to hinder, just endless true love.  
Rest peacefully, Minnie, my beautiful friend,  
In my heart, your sweet spirit will never quite end.

**Outro - gentle guitar fade**

*Forever in our hearts*
