Lily Star's Gentle Watch

A Tribute Song

Intro - piano, strings

Verse 1

From the moment I saw your sweet face,
A furry bundle, full of grace.
Those beautiful eyes, they shone so bright,
Filling my world with pure delight.
A joyful dance before each meal,
Your endless love, so true, so real.
My heart was yours from the very start,
A precious, unforgettable work of art.

Chorus

Oh, Lily Star, my dearest friend,
Eleven cherished years, until the end.
Your memory shines, a guiding light,
Forever tucked within my heart so tight.

Verse 2

We went on car rides, full of glee,
To dog parks, just you and me.
To pet stores, and to see Santa's smile,
Making every journey worthwhile.
At night, your snuggles, warm and deep,
As TV flickered while we slept.
A closeness shared, a bond so rare,
A joyful love beyond compare.

Chorus

Oh, Lily Star, my dearest friend,
Eleven cherished years, until the end.

Lily Star's Gentle Watch (continued)

Your memory shines, a guiding light,
Forever tucked within my heart so tight.

Verse 3

Your gentle spirit, so kind and true,
A daily comfort, seen in all you do.
You brought a warmth that filled our home,
No matter where our footsteps roamed.
With quiet presence, always near,
You chased away each doubt and fear.
A precious bond, a loving grace,
That brightened every time and space.

Verse 4

Every moment with you was a gift,
A gentle spirit, a loving lift.
Your soft fur, a comfort I'd find,
Leaving worries and stress behind.
The quiet presence, always near,
Chasing away every doubt and fear.
You filled our home with so much grace,
A special light in every space.

Bridge

Run free now, my sweet Lily Star,
Play with the pups, no matter how far.
I know you're loved, a love so grand,
One day I'll meet you in that land.
I'll look for you, I know you'll find me,
Across the stars, eternally.

Instrumental - strings, piano

Final Chorus

Oh, Lily Star, my dearest friend,
Eleven cherished years, until the end.
Your memory shines, a guiding light,
Forever tucked within my heart so tight.

Outro

Now you're watching from up above,
Surrounded by peace, and endless love.
No pain or sorrow, no cancer's dread,
Just quiet dreams within your head.

Lily Star's Gentle Watch (continued)

In heaven, waiting, pure and free,
Until the day I join you, Lily.

Outro - piano fade

Forever in our hearts
