Custom Pet Memorial Songs

Little Man Bacchus

A Tribute Song

Intro - Rhodes piano, soft strings

Verse 1

You just knew me, deep inside my soul
Knew what to do to make me whole
Your people bone, a treasured find
A simple gift, so sweet and kind
Your eyes would lock when I would whine
A silent promise, truly divine
We had a plan, a gentle plea
I wish you'd just come back to me.

Chorus

Oh, Little Man Bacchus, fifteen years
You calmed my heart, you dried my tears
A tiny shadow, always near
My precious Bacchus, held so dear.

Verse 2

My pillow at night, so soft and warm
My morning alarm, through sun and storm
You'd lick the water from my toes
A special task, as everyone knows
Then taught young Basil, sweet and small
To take your place, to answer my call
You looked at me, a knowing gaze
"This is it, Radd," in those last days.

Chorus

Oh, Little Man Bacchus, fifteen years
You calmed my heart, you dried my tears

Little Man Bacchus (continued)

A tiny shadow, always near
My precious Bacchus, held so dear.

Verse 3

Your fluffy bone, brought just for me
A welcoming gift, for all to see
You taught the gang, how to behave
Bentley, Basil, Bingle, Blizzard, the love you gave
They miss you now, they know you're gone
But you're with Macy, Roxy, Bella Marie, reborn
To hold you all, a dream so true
To feel your presence, shining through.

Chorus

Oh, Little Man Bacchus, fifteen years
You calmed my heart, you dried my tears
A tiny shadow, always near
My precious Bacchus, held so dear.

Bridge

Thank you, Bachy, for all your grace
You charged my spirit, found my place
Not just for better, but for good
A love so pure, misunderstood.

Instrumental - soft strings, Rhodes piano

Final Chorus

Oh, Little Man Bacchus, fifteen years
You calmed my heart, you dried my tears
A tiny shadow, always near
My precious Bacchus, held so dear.

Outro - Rhodes piano fade, soft strings

You're with me every single day
Beside me nightly, come what may
I see your shadow, hear your sound
Forever here, on hallowed ground
I'm not the same, since you took flight
But carry your love, morning and night.
