# Precious's Gentle Bloom

*A Tribute Song*

---

**Intro - piano, acoustic guitar**

**Verse 1**

From the moment that we met, so small and sweet  
A tiny Yorkie, dancing on happy feet  
With a wiggle in your butt, you'd greet us at the door  
A joyful welcome, asking for nothing more  
Your little head would tilt, a smile upon your face  
Filling up our hearts with warmth and gentle grace  
You taught us kindness, simple and profound  
The bestest girl, the dearest friend we'd found

**Chorus**

Oh, Precious, our dear girl, so brave and true  
Fourteen and a half years, we shared with you  
Though tears may fall, our love will never cease  
You brought our world such comfort and such peace

**Verse 2**

When evening came, and dinner time was through  
You'd find your spot, what you loved best to do  
Upon my lap, you'd settle on your back so soft  
For a belly rub, a massage, you enjoyed so oft  
Content and happy, in that moment still  
Our quiet evenings, a memory time can't kill  
A bond so gentle, warm, and understood  
Our little shadow, always by our good

**Chorus**

Oh, Precious, our dear girl, so brave and true  
Fourteen and a half years, we shared with you

*Precious's Gentle Bloom (continued)*

Though tears may fall, our love will never cease  
You brought our world such comfort and such peace

**Bridge**

We'll never forget the days, out in the garden's sun  
Working on the flower beds, until the work was done  
You'd help us shake the weeds, with fervor and delight  
A tiny helper, making everything feel right  
You were a good, good girl, a treasure to behold  
A story in our hearts, more precious than pure gold

**Instrumental - strings, piano**

**Final Chorus**

Oh, Precious, our dear girl, so brave and true  
Fourteen and a half years, we shared with you  
Though tears may fall, our love will never cease  
You brought our world such comfort and such peace

**Outro**

Now running free, where endless flowers bloom  
No pain can touch you, chasing away the gloom  
Across green fields, a peaceful, joyful quest  
Our sweet Precious, finally at rest

**Outro - piano fade**

*Forever in our hearts*
