# Max, My Quiet Peace

*A Tribute Song*

---

## Intro - piano, cello

### Verse 1

From the moment you arrived, a tiny, furry friend,  
Your presence brought a warmth that had no end.  
A schnauzer small in stature, but a giant in my heart,  
My peace, my loyal confidant, right from the very start.  
You saw me through the challenges, you never left my side,  
My best friend, my protector, with nothing left to hide.

### Chorus

Oh, Max, my sweet Max, in every dream you roam,  
Thirteen beautiful years, you made my house a home.  
A quiet comfort, always near, a love that brightly gleams,  
Forever etched within my heart, in stardust and in dreams.

### Verse 2

Each night you'd settle closely, a gentle, sleepy sigh,  
Your presence calmed my spirit, beneath the starlit sky.  
You helped me drift to slumber, serene and safe and deep,  
Now silent is the space where your soft fur used to sleep.  
It's hard to close my eyes without you nestled at my side,  
A part of me still longs for where your gentle presence cried.

### Chorus

Oh, Max, my sweet Max, in every dream you roam,  
Thirteen beautiful years, you made my house a home.  
A quiet comfort, always near, a love that brightly gleams,  
Forever etched within my heart, in stardust and in dreams.

### Bridge

---

*Max, My Quiet Peace (continued)*

I love you, Max, I miss you so, with every passing day,  
My heart aches for your presence, in every single way.  
I can't wait to see you again, beyond the golden sun,  
Our journey not yet over, our new chapter just begun.

**Instrumental - piano, cello, harp**

**Final Chorus**

Oh, Max, my sweet Max, in every dream you roam,  
Thirteen beautiful years, you made my house a home.  
A quiet comfort, always near, a love that brightly gleams,  
Forever etched within my heart, in stardust and in dreams.

**Outro**

Now watching over me, from fields beyond the blue,  
Ensuring brother Milo learns all you taught him to.  
You're running free, my angel, in peaceful, endless grace,  
Until we meet again, I'll feel your warm embrace.

**Outro - piano fade**

*Forever in our hearts*
