# Zoey's Piggie Dream

*A Tribute Song*

---

**Intro - piano, celeste**

**Verse 1**

I remember the first time, a sweet little sound,  
Your favorite pink piggie, rolling around.  
With tiny soft snores, you'd curl up near me,  
Our very first moments, just you and me.

**Chorus**

Oh, Zoey, my darling, it's only been two years,  
But every moment with you, wiped away all my fears.  
You left paw prints on my heart, a love ever true,  
My sweet little girl, I still miss you.

**Verse 2**

I'd walk through the doorway, after a long day's grind,  
And there you'd be waiting, the best sight to find.  
Your piggie in mouth, a wagging little tail,  
Ready for fetch, without fail.

**Chorus**

Oh, Zoey, my darling, it's only been two years,  
But every moment with you, wiped away all my fears.  
You left paw prints on my heart, a love ever true,  
My sweet little girl, I still miss you.

**Bridge**

Oh, Daddy loves you, with all of his might,  
Wishes he was there, in that tragic last light.  
To hold you close, and whisper goodbyes,

*Zoey's Piggie Dream (continued)*

And see the love in your beautiful eyes.

**Instrumental - piano, strings**

**Final Chorus**

Oh, Zoey, my darling, it's only been two years,  
But every moment with you, wiped away all my fears.  
You left paw prints on my heart, a love ever true,  
My sweet little girl, I still miss you.

**Outro - piano fade**

Now you're waiting for Dad, at the gates, bright and grand,  
Playing with pups, in that heavenly land.  
Running freely and happy, no sorrow, no pain,  
Until we meet, my Zoey, again.

*Forever in our hearts*
