Comet's Wild Heart

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

From the moment you arrived, a shadow by my side,
My little pup, with nowhere left to hide.
Then courage bloomed, a spirit taking flight,
You busted down that crate door, a pure, wild light.
A burst of zoomies, tearing through the floor,
We knew right then, we'd found so much to adore.
A mixed-breed marvel, strong and ever keen,
The brightest star our family had ever seen.

Chorus

Oh, Comet, my Comet, a love so deep and true,
Thirteen years of joy, shared with me and you.
You taught us how to love, how to truly live,
The greatest gift, your wild heart had to give.

Verse 2

Too many moments, etched within my mind,
But quiet cuddles, after kids, were one of a kind.
On the couch beside me, TV gently hums,
Your soft warm head, a comfort when it comes.
The kids still laugh, at "yeet" and how you'd play,
Game on for Comet, chasing through the day.
Those healing kisses, when we were scared or low,
The joy you brought, made every spirit glow.

Chorus

Oh, Comet, my Comet, a love so deep and true,
Thirteen years of joy, shared with me and you.

Comet's Wild Heart (continued)

You taught us how to love, how to truly live,
The greatest gift, your wild heart had to give.

Bridge

Thank you, my soulmate, my guardian and safe space,
My children's best friend, with comforting embrace.
Pat's number one, and Hayley's constant guide,
Now be free, Comet, with nothing left to hide.
Run wild and joyful, through fields of green and blue,
Our hearts will hold you, always, ever true.

Instrumental - banjo, acoustic guitar

Final Chorus

Oh, Comet, my Comet, a love so deep and true,
Thirteen years of joy, shared with me and you.
You taught us how to love, how to truly live,
The greatest gift, your wild heart had to give.

Outro

No pain now, no heart ache, just endless, open space,
Running wild again, at your own happy pace.
Barking at the world, letting everyone know,
Night time zoomies starting, a beautiful, free show.
I feel your presence, watching from above,
Popping endless bubbles, filled with all our love.

Outro - guitar fade

Forever in our hearts
