# Bentley's Brightest Spark

*A Tribute Song*

**Intro - piano, acoustic guitar**

**Verse 1**

I remember your eyes, so deep and so true
Your eyebrows would tell me what you wanted to do
The sweet zigzag lines on your fur, soft and warm
A unique little pattern, a shelter from storm
A Boston terrier's heart, so knowing and kind
You'd be right by my side, always reading my mind

**Chorus**

Oh, Bentley, my sweet boy, a light in the gray
Fifteen wonderful years, you brightened my day
My baby boy, Tongtong, a love ever deep
Now peaceful and dreaming, while my memories keep

**Verse 2**

We'd share quiet moments, like your day in July
A birthday so special, beneath the bright sky
We'd watch the fireworks, a joyful bright show
Even when your sight dimmed, and hearing went low
Still with cake and a smile, you knew we were there
A quiet companion, beyond all compare.
You'd find your own spot, so loving and true
Our sweet Bentley boy, through everything new.

**Chorus**

Oh, Bentley, my sweet boy, a light in the gray
Fifteen wonderful years, you brightened my day
My baby boy, Tongtong, a love ever deep
Now peaceful and dreaming, while my memories keep

**Bridge**

I love you so much, thank you for saving me whole
Fifteen wonderful years, a gift to my soul
A shared bond of love, with Tita so true
Our sweet Bentley boy, forever we'll love you.

**Instrumental - piano, string pad**

**Final Chorus**

Oh, Bentley, my sweet boy, a light in the gray
Fifteen wonderful years, you brightened my day
My baby boy, Tongtong, a love ever deep
Now peaceful and dreaming, while my memories keep

**Outro**

Now with your sister and cousin, you run free and play
In cool, gentle breezes, no pain in your way
Just a happy dog, Bentley, beneath skies so blue
My heart will remember, forever loving you

**Outro - piano fade**

*Forever in our hearts*
