# Prince Kona's Happy Walk

*A Tribute Song*

---

**Intro - acoustic guitar, light percussion**

**Verse 1**

I remember the day, your beautiful eyes  
A sweet face looked up, a happy surprise  
You'd dance with the leash, a joyful display  
Ready for adventures, come what may  
A true prince from the start, so full of grace  
Leaving paw prints, in this sacred place

**Chorus**

Oh, Prince Kona, our hearts still sing  
For ten loving years, the joy you would bring  
A light in our lives, bright and so true  
We'll always remember, sweet Prince Kona, you.

**Verse 2**

Each morning and afternoon, a happy refrain  
Your wagging tail met us, again and again  
Those walks were a treasure, sunshine or rain  
Washing away every sorrow and pain  
Your happy face shining, a pure, happy grin  
Every moment with you, a victory to win

**Chorus**

Oh, Prince Kona, our hearts still sing  
For ten loving years, the joy you would bring  
A light in our lives, bright and so true  
We'll always remember, sweet Prince Kona, you.

**Bridge**

---

*Prince Kona's Happy Walk (continued)*

And though you're beyond, across the bright blue  
My heart still whispers, "I love you, Prince Kona, I do."

A silent promise, sent on the breeze  
Carried gently, through the swaying trees

**Instrumental - ukulele, banjo, drums**

**Final Chorus**

Oh, Prince Kona, our hearts still sing  
For ten loving years, the joy you would bring  
A light in our lives, bright and so true  
We'll always remember, sweet Prince Kona, you.

**Outro**

Now at the Rainbow Bridge, your spirit takes flight  
Playing with friends, in the golden sunlight  
Running free forever, joyful and bright  
Sweet Prince Kona, sleeping in soft light.

**Outro - guitar fade**

*Forever in our hearts*
