# Phoebe's Sunshine Slumber

*A Tribute Song*

---

## Intro - piano, glockenspiel

### Verse 1

Small paws, a gentle wag, a loyal friend so true,  
A little ball, your greatest joy, your kind heart shining through.  
A special bond, right from the start, a love that always grew,  
Pug Shitzu sweet, a loving soul, my world was bright with you.

### Chorus

Oh, Phoebe, my dear, for twelve sweet years,  
You chased away all of my fears.  
My little sunshine, a dream come true,  
My heart forever belongs to you.

### Verse 2

Our open road, a grand adventure, your head upon my lap,  
With loving eyes, you'd gaze at me, no moment I would scrap.  
My precious girl, my 'Sunshine' bright, you filled my life with glee,  
Each gentle look, a silent vow, how much you meant to me.

### Chorus

Oh, Phoebe, my dear, for twelve sweet years,  
You chased away all of my fears.  
My little sunshine, a dream come true,  
My heart forever belongs to you.

### Bridge

I love you, my sweet girl, my best friend true,  
My partner in crime, I'll always miss you.  
In my heart you'll stay, until we meet again,

Now running free, on endless green,  
With joyful barks, a happy scene.  
Chasing your balls, a graceful swim,  
My sweet Phoebe, beyond the rim.
