Capri's Devoted Heart

A Tribute Song

Intro - piano, strings

Verse 1

Those brown eyes, so deep and true
My German Shepherd, through and through
Your sweet personality, a gentle grace
My very best friend, in every place
You held my secrets, soft and deep
A faithful promise you would keep
Such utter devotion, shown to me
A bond of love, eternally

Chorus

Oh, Capri, my heart still aches for you
Five short years, a love so true
A loyal shadow, by my side
Forever in my heart, you'll ride

Verse 2

The window down, the wind in your fur
Each car ride, a happy blur
Your head held high, pure joy displayed
A cherished memory, brightly made
You loved those journeys, far and near
Chasing the breeze, banishing fear
A simple pleasure, understood
Just you and me, as best friends should

Chorus

Oh, Capri, my heart still aches for you
Five short years, a love so true

Capri's Devoted Heart (continued)

A loyal shadow, by my side
Forever in my heart, you'll ride

Bridge

You were my best friend, so dear and true
I miss you terribly, I truly do
There'll never be another, just like you
My love runs to the depth of my being, it's true

Instrumental - strings, piano

Final Chorus

Oh, Capri, my heart still aches for you
Five short years, a love so true
A loyal shadow, by my side
Forever in my heart, you'll ride

Outro

Now at Heaven's gate, soft and bright
At my dear husband's feet, in endless light
You tell him stories, of our life's sweet art
Resting softly, Capri, my devoted heart

Outro - strings fade

Forever in our hearts
