Yuki's Silent Song

A Tribute Song

Intro - soft piano, harp

Verse 1

She was a deaf dog, could not hear a sound,
But with her heart, your love always found.
A Collie's grace, a Heeler's bright spark,
Your beautiful face left its gentle mark.
Always smiling, a curious sight,
Your eyes looked up, a beacon of light.

Chorus

Yuki, my sweet girl, my constant friend,
Nine years of love that will never end.
A silent whisper, a bond so deep,
In my soul, your memories I keep.

Verse 2

On our quiet walks, a world you'd explore,
Every scent discovered, asking for more.
You'd lift your gaze, a question so clear,
"Are you enjoying too?" my dearest dear.
Each leaf, each breeze, a story you'd find,
A joyful spirit, one of a kind.

Chorus

Yuki, my sweet girl, my constant friend,
Nine years of love that will never end.
A silent whisper, a bond so deep,
In my soul, your memories I keep.

Bridge

Yuki's Silent Song (continued)

"May your path be always lighted," you whispered so low,
"Woven into my soul," where your spirit will glow.
"I will carry you with me forever," a love true and vast,
A precious memory, forever to last.

Instrumental - gentle strings, acoustic guitar

Final Chorus

Yuki, my sweet girl, my constant friend,
Nine years of love that will never end.
A silent whisper, a bond so deep,
In my soul, your memories I keep.

Outro

Now on green grass, your fur flying free,
With joyful zoomies, for all eyes to see.
"Look Mom, I am so happy!" you bark with delight,
Running forever, bathed in soft light.

Outro - piano fade
