# Lucy's Winter Bloom

*A Tribute Song*

---

**Intro - strings, piano**

**Verse 1**

A little Havanese so sweet and bright  
You filled our home with pure delight  
From the very start, your spirit shone  
A joyful love we'd always known

**Chorus**

Oh, sweet Lucy, sixteen years we shared  
A bond of pure love, beyond compare  
Your gentle heart, a guiding star  
No matter how far you are

**Verse 2**

When the winter winds began to blow  
You'd dance and frolic in the fresh-fallen snow  
A snowball chase, your pure delight  
Sparkling eyes, a wondrous sight

**Chorus**

Oh, sweet Lucy, sixteen years we shared  
A bond of pure love, beyond compare  
Your gentle heart, a guiding star  
No matter how far you are

**Bridge**

A silent promise, whispered in the air  
That soon again, your touch I'll share  
I know I'll see you, hug you tight

*Lucy's Winter Bloom (continued)*

Bathed in heaven's gentle light

**Instrumental - strings, piano swell**

**Final Chorus**

Oh, sweet Lucy, sixteen years we shared  
A bond of pure love, beyond compare  
Your gentle heart, a guiding star  
No matter how far you are

**Outro**

Now you watch us from above  
Sending down your endless love  
A precious life, lived full and free  
Running peaceful, for eternity

**Outro - strings fade**

*Forever in our hearts*
