Alfie's Bus Stop Heart

A Tribute Song

Intro - piano

Verse 1

At the bus stop, waiting near,
You'd greet me, chasing every fear.
A fluffy friend, so sweet and small,
You answered to my every call.
Then watching you sleep, soft and deep,
Your tiny snores, secrets to keep.
A gentle presence, calm and true,
My world felt brighter, just with you.

Chorus

Alfie, my Alfie, dear and kind,
The sweetest friend we'll ever find.
For nine wonderful years, you shared your light,
Guiding us through both day and night.

Verse 2

When evening fell and stars would shine,
Those bedtime cuddles, truly divine.
Nestled close, so warm and near,
Whispering dreams, banishing fear.
A furry shadow, always there,
A silent comfort, beyond compare.
Your happy wags, a joyful sound,
The best companion, all around.

Chorus

Alfie, my Alfie, dear and kind,
The sweetest friend we'll ever find.

Alfie's Bus Stop Heart (continued)

For nine wonderful years, you shared your light,
Guiding us through both day and night.

Bridge

Thank you for choosing us, dear friend,
On your love, we could always depend.
For laughter, joy, unconditional grace,
You left a paw print on time and space.
Nine years of moments, pure and bright,
Filled our lives with endless light.

Instrumental - piano, strings

Final Chorus

Alfie, my Alfie, dear and kind,
The sweetest friend we'll ever find.
For nine wonderful years, you shared your light,
Guiding us through both day and night.

Outro

Now running free on pastures green,
Beneath a sky, so bright, serene.
Little ears flapping in the breeze,
Eating every treat with ease.
Sunshine warming, soft and deep,
While cherished memories we keep.

Outro - piano fade
