Samurai's Brightest Path

A Tribute Song

Intro - acoustic guitar, piano

Verse 1

I remember your smile, a beacon so bright,
Guiding me onward with all of your might.
Through bustling traffic, with a quick, steady pace,
You led me so safely, always with grace.
A Yellow Labrador, loyal and true,
My path was so clear, always with you.

Chorus

Oh, Samurai, my sweet boy, shining so free,
Ten years of adventure, you walked with me.
Your love was a gift, a light in my soul,
Making my world feel wonderfully whole.

Verse 2

Bedtime was special, my favorite part of the day,
Where I'd whisper my thanks in your own gentle way.
For guiding and loving, for being so near,
An awesome guide dog, banishing all fear.
A very good boy, my heart's loving plea,
How much I loved you, and needed you with me.

Chorus

Oh, Samurai, my sweet boy, shining so free,
Ten years of adventure, you walked with me.
Your love was a gift, a light in my soul,
Making my world feel wonderfully whole.

Verse 3

Samurai's Brightest Path (continued)

Each step we would take, a partnership true,
My world opened wider, all thanks to you.
With paws on the pavement, a confident stride,
You were more than a guide, you were right by my side.
A steady heartbeat, a reassuring sound,
The best friend and hero, I'd ever have found.

Chorus

Oh, Samurai, my sweet boy, shining so free,
Ten years of adventure, you walked with me.
Your love was a gift, a light in my soul,
Making my world feel wonderfully whole.

Verse 4

Beyond busy streets, life's obstacles too,
You navigated hurdles, with wisdom and glue.
Your calm, steady presence, a comfort so deep,
Promises of solace, my heart now will keep.
My faithful companion, through laughter and tears,
You quieted my doubts and banished my fears.

Bridge

Now go see Grandma, and Bella, the Maxes too,
And Perro, Janson, and Kudo, waiting for you.
I'll meet you sweet boy at the Rainbow Bridge,
Together again, beyond this world's edge.

Instrumental - mandolin solo

Final Chorus

Oh, Samurai, my sweet boy, shining so free,
Ten years of adventure, you walked with me.
Your love was a gift, a light in my soul,
Making my world feel wonderfully whole.

Outro

Now you're in a field, with old friends at play,
Perro, Janson, and Kudo, at the end of the day.
Exchanging your stories, with chuckles so light,
Resting in peace, bathed in warm sunlight.

Outro - guitar fade
