Missy's Gentle Gaze

A Tribute Song

Intro - acoustic guitar, piano

Verse 1

Every step I took, you were right behind
A little shadow, one of a kind
With your poodle fluff, so soft and bright
Always there, morning, noon, and night

Chorus

Oh, Missy, my dear, you're a light in my heart
Though 14 years have come to depart
Your love still shines, a comforting grace
Forever cherished, in this sacred space

Verse 2

Those knowing eyes, a language so clear
Washing away every doubt and every fear
A silent wisdom, a gentle, soft plea
Just looking at me, understanding me

Chorus

Oh, Missy, my dear, you're a light in my heart
Though 14 years have come to depart
Your love still shines, a comforting grace
Forever cherished, in this sacred space

Bridge

I whisper softly, where memories bloom
To play with your hedgehogs, chasing the gloom
A joyful spirit, forever untamed

Missy's Gentle Gaze (continued)

In every dream, your sweet name is proclaimed

Instrumental - piano, strings

Final Chorus

Oh, Missy, my dear, you're a light in my heart
Though 14 years have come to depart
Your love still shines, a comforting grace
Forever cherished, in this sacred space

Outro

I feel you near, sitting at my feet
Your loving gaze, a memory sweet
Sleeping soundly, in sun's warm embrace
Forever home, in your special place
