Tiffany's Joyful Ride

A Tribute Song

Intro - acoustic guitar, synth

Verse 1

From the moment you came to my side, so small and new,
Your little heart spoke volumes, your spirit shining through.
With every tilt of your head, a story you would tell,
Your varied vocals, clear emotions, casting their sweet spell.

Chorus

Oh, Tiffany, my sweet girl, my guiding light so true,
Fifteen precious years, a love that always grew.
Your joyful spirit lingers, a melody in the air,
A love like ours, my darling, beyond compare.

Verse 2

An alpha heart so brave, a sparkle in your eye,
Your beautiful face would light up, reaching for the sky.
You loved our car rides, adventures far and wide,
Visiting good friends with me, always by my side.

Chorus

Oh, Tiffany, my sweet girl, my guiding light so true,
Fifteen precious years, a love that always grew.
Your joyful spirit lingers, a melody in the air,
A love like ours, my darling, beyond compare.

Bridge

Mommy loves you deeply, tried so hard to keep you well,
Wanted what was best for you, more than words can tell.
I miss you so much now, my heart still aches with grief,

Tiffany's Joyful Ride (continued)

Your memory a comfort, bringing sweet relief.

Instrumental - electric guitar melody

Final Chorus

Oh, Tiffany, my sweet girl, my guiding light so true,
Fifteen precious years, a love that always grew.

Your joyful spirit lingers, a melody in the air,
A love like ours, my darling, beyond compare.

Outro - synth fade

Now on your stroller rides, looking up with a smile,
I see you running freely, across an endless mile.
Peacefully you rest now, my love, my little star,
Forever in my heart, no matter how far.

Forever in our hearts
