

Remembering Ollie

Custom Pet Memorial Songs

Harley's Sunny Spot

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

From the moment that we met, my loyal friend and guide,
A Shepard Chow mix, always by my side.
Never a trip to the bathroom, that I'd take alone,
You came with me to work each day, a true companion known.

Chorus

Oh, Harley, my sweet boy, for thirteen years we knew,
A love so strong and deep, in everything we'd do.
You walked into my life, and filled it with such grace,
Forever in my heart, there's an empty, cherished space.

Verse 2

I remember 2 AM, your hungry little stare,
Followed by soft cuddles, beyond all compare.
Your paw upon my arm, a gentle, silent plea,
And when I had to leave, our ritual, just for me.
A sit, a shake, a high five, for kisses and a treat,
Then you would jump and dance with me, on two devoted feet.

Chorus

Oh, Harley, my sweet boy, for thirteen years we knew,
A love so strong and deep, in everything we'd do.
You walked into my life, and filled it with such grace,
Forever in my heart, there's an empty, cherished space.

Bridge

My sweet boy, I love you eternally, my buddy, so it's true,

Harley's Sunny Spot (continued)

Run and play, relax in the sun, 'til I can be with you.
To scratch your ears, to boop your nose, to kiss your precious face,
Mommy loves you, Harley, in time and endless space.

Harmonica Solo

Final Chorus

Oh, Harley, my sweet boy, for thirteen years we knew,
A love so strong and deep, in everything we'd do.
You walked into my life, and filled it with such grace,
Forever in my heart, there's an empty, cherished space.

Outro

Now running in the grass, beneath the sky so blue,
Then curled up in a sunny spot, with your favorite toy, it's true.

Outro - guitar fade

Forever in our hearts
