Lucy's Joyful Wings

A Tribute Song

Intro - acoustic guitar, ukulele

Verse 1

I remember the day, your first bright hello,
With sparkling eyes, a beautiful glow.
Your little wiggly butt, a happy dance,
A playful spirit, a loving glance.
You loved to play games, with sisters close by,
Scarlett and Ruby, beneath the blue sky.
Keep away was your game, a joyous chase,
Bringing smiles and laughter to this happy place.

Chorus

Oh Lucy, dear Lucy, our joy and our friend,
Four fantastic years, a love without end.
You taught us to smile, you taught us to play,
And cherish each moment of every new day.

Verse 2

Each morning you met us, with such happy glee,
A bundle of sunshine, for all eyes to see.
Your tail wagging fast, a joyful embrace,
Bringing light and laughter to every space.
Your cuddles so warm, your fur soft and gold,
A story of happiness, forever unfolds.
The moments we shared, precious and true,
Our hearts filled with gratitude, just for you.

Chorus

Oh Lucy, dear Lucy, our joy and our friend,
Four fantastic years, a love without end.

Lucy's Joyful Wings (continued)

You taught us to smile, you taught us to play,
And cherish each moment of every new day.

Bridge

Lucy, we love you and miss you so much, it's true,
Every moment we shared, we cherish with you.
Until we meet again, in a world bright and new,
You're always in our hearts, forever shining through.

Instrumental - ukulele, synths

Final Chorus

Oh Lucy, dear Lucy, our joy and our friend,
Four fantastic years, a love without end.
You taught us to smile, you taught us to play,
And cherish each moment of every new day.

Outro

Now Lucy flies free, in the diamond sky high,
With big beautiful Pegasus wings, soaring by.
A peaceful image, forever to keep,
Our sweet Lucy is now in eternal sleep.

Outro - guitar fade

Forever in our hearts
