

Remembering Ollie

Custom Pet Memorial Songs

Dani's Tender Melody

A Tribute Song

Intro - Rhodes piano, upright bass, brushed drums

Verse 1

A silent house, a weary soul, a lonely heart you made whole
Then Dani, you stepped into my view, and everything felt fresh and new
On gloomy days, our walks would start, a comfort woven in my heart
You'd nudge me then to chase the tree, those loving eyes just looking at me

Chorus

Oh Dani, my sweet girl, my guiding star
Twelve years and two months, you weren't far
My song for you, I still recall, "Who loves Dani? MOMY DOES!" most of all
"WHO LOVES MOMY? DANI DOES!" the truth you taught me then

Verse 2

Our gentle strolls within the wood, a quiet peace we understood
Or on the couch, you'd softly lay, watching me, come what may
Lola and Xena, they miss you so, a void you left, they deeply know
True love you taught, a lesson deep, a promise that my heart will keep

Chorus

Oh Dani, my sweet girl, my guiding star
Twelve years and two months, you weren't far
My song for you, I still recall, "Who loves Dani? MOMY DOES!" most of all
"WHO LOVES MOMY? DANI DOES!" the truth you taught me then

Bridge

If all the love I hold inside, could bring you back, right by my side
You would live forever, my dear friend, a bond like ours would never end

Instrumental - saxophone solo, Rhodes piano, upright bass

Dani's Tender Melody (continued)

Final Chorus

Oh Dani, my sweet girl, my guiding star
Twelve years and two months, you weren't far
My song for you, I still recall, "Who loves Dani? MOMY DOES!" most of all
"WHO LOVES MOMY? DANI DOES!" the truth you taught me then

Outro - Rhodes piano fade, upright bass, soft saxophone

No longer suffering, no pain you bear
Just peaceful memories, hanging in the air
My sweet Dani, forever cherished, ever so clear.

Forever in our hearts
