

Remembering Ollie

Custom Pet Memorial Songs

Doodle Bug's Gentle Gaze

A Tribute Song

Intro - piano, strings

Verse 1

A tiny spirit, small and brave
Fourteen years of love you gave
My first memory, clear and true
Watching your army crawl for you
A little hero, determined heart
From all the others set apart
A Chihuahua's joy, so bright and keen
The sweetest friend I'd ever seen

Chorus

Oh, Doodle Bug, my precious friend
A love like ours will never end
For fourteen years, you blessed my days
In countless, unforgettable ways

Verse 2

As evening fell, the day would cease
You brought my weary heart such peace
Curled behind my knees, so warm and deep
Or in my lap, you'd fall asleep
A gentle presence, always near
Washing away every single fear
Your quiet comfort, soft and low
A special bond, I miss it so

Chorus

Oh, Doodle Bug, my precious friend
A love like ours will never end

Doodle Bug's Gentle Gaze (continued)

For fourteen years, you blessed my days
In countless, unforgettable ways

Bridge

I whisper now into the air
I love and miss you, beyond compare
And I am sorry, though I don't know why
Just a farewell, beneath the sky

Instrumental - strings, oboe

Final Chorus

Oh, Doodle Bug, my precious friend
A love like ours will never end
For fourteen years, you blessed my days
In countless, unforgettable ways

Outro

Now watching over, soft and bright
Playing with Heidi in the light
And all your friends, a joyful band
Across that peaceful, promised land
Know that we miss you every day
Our love for you will always stay

Outro - cello fade

Forever in our hearts
