

Remembering Ollie

Custom Pet Memorial Songs

Charlie Brown's Sunshine

A Tribute Song

Intro - piano, acoustic guitar

Verse 1

The moment you greeted me, tail in a blur
A tiny red dachshund with the softest fur
Cuddling close to me, a warm, sleepy sigh
The light in your sweet eyes, a star in the sky
I'd bury my face in your long, floppy ears
Washing away all my worries and fears

Chorus

Oh, Charlie Brown, my sweet dear friend
Fifteen years and a half, a love that won't end
You taught my heart what forever could be
A cherished companion, always with me

Verse 2

Our special moments, when day turned to night
Snuggled so close, feeling pure, gentle light
Your sweet little kisses, a tender goodnight
Filling my spirit with joy, pure and bright
Every evening a ritual, just you and I
Beneath the soft blankets, as time drifted by

Chorus

Oh, Charlie Brown, my sweet dear friend
Fifteen years and a half, a love that won't end
You taught my heart what forever could be
A cherished companion, always with me

Bridge

Charlie Brown's Sunshine (continued)

You are my sunshine, my only sunshine, you see
A bond woven deeply, eternally free
It's not you, it's not me, it's always been WE
Together forever, for all eternity

Instrumental - piano, strings

Final Chorus

Oh, Charlie Brown, my sweet dear friend
Fifteen years and a half, a love that won't end
You taught my heart what forever could be
A cherished companion, always with me

Outro

Now chasing the squirts and the spam wagon bright
Playing with squeaky toys, bathed in pure light
With all of your friends, you play joyfully there
Keeping watch on the bridge, a love beyond compare
Waiting for Momma, a sweet, peaceful sleep
While memories of you, my heart will forever keep

Outro - piano fade

Forever in our hearts
